# IMEC TECHNOLOGY FORUMS (ITFs) IN 2025

## BOOST YOUR BRAND WITH DECISION MAKERS IN SEMICONDUCTORS AND DEEP TECH

Are you aiming to make a significant impact among top professionals in the tech industry? Traditional marketing efforts may not be enough, as these professionals often spend little time on social media and rarely open direct emails.

However, many of them do attend the Imec Technology Forum (ITF). This global innovation roadshow attracts leading executives from the broad technological ecosystem, including policymakers, futurists, technology gurus, entrepreneurs, analysts, and investors.

They come to the ITFs to:

- Learn the latest advancements from imec, the world's leading semiconductor R&D hub.
- Catch inspiring talks from other opinion leaders in the tech industry.
- Connect with their peers during numerous networking moments.

## ITF WORLD

ITF World, held in Antwerp, Belgium, is imec's flagship event, attracting more than 2,000 attendees from around the globe.

Imec's experts showcase the latest advancements in nano- and digital technology through enlightening presentations and a buzzing demo floor. Key opinion leaders from the tech industry and policy makers also take to the stage to share their insights. Previous speakers include Jensen Huang (NVIDIA), Martin van den Brink (ASML), and Ursula von der Leyen (European Commission).

A highlight of each ITF World is the presentation of imec's Lifetime of Innovation Award, warmly accepted by industry legends such as Gordon Moore (Intel), Bill Gates (Microsoft), and Lisa Su (AMD).

ITF World 2025 will be held from May 20 to 21, and will focus on the next phase of digital transformation, where continued transistor scaling combined with advanced optical and electrical interconnects will enable new leaps in performance needed to power the AI-enabled applications of the future.

Special attention will be given to imec's new role as host of the NanoIC pilot line, deployed by the European Chips Act to accelerate beyond-2nm chip innovation.

## REGIONAL AND TOPICAL ITFs

The success of ITF World gave rise to additional events focusing on specific topics or certain markets. The 2025 overview of all regional and topical ITFs can be consulted at [imec.itf.com](https://imec.itf.com). All ITFs are open to communication sponsorships.
